Self Storage Made Simple:

- Keep the items you use most at the front of your storage unit for easy access.
- Create an aisle in the center of your storage unit so you can comfortably reach everything.
- Remove legs from tables and other furniture and store on their ends to save space.
- Protect old photographs from curling over time by placing them between two pieces of cardboard, taped together.
- Always drain gasoline and oil from items with engines.
- Never store live animals, perishables, liquids, explosives, flammable liquids and fuels, toxic materials or other items that need a controlled environment.
- Use trash cans to store items like shovels, hoes and rakes.
- Cover mattresses with plastic and store flat on level surfaces.
- Use protective covers and treat wood surfaces before storing.
- Avoid rust by thoroughly wiping metal items with a rag that has a few drops of machine oil on it.
- Pack blankets, draperies and dress clothes on hangers in a wardrobe box.
- Keep your belongings safe with a high-quality storage unit lock, which can be purchased at Gotham Mini Storage.

"Amazing service! I learned about Gotham Mini Storage on the Web and am glad that I chose them. I am impressed by the clean and secure environment of the storage facility. The Storage Manager, Kalea, was nice and helpful. Not only did I get one month free storage, but also got to use a free moving truck. Moving and storage was indeed super easy!"
