

Brian N. Morelli, M.D

"My goal as a physician is to educate the patient about their condition. When managing spine conditions, especially, a conservative step-wise approach is often best."

BIOGRAPHY

ABOUT DR. MORELLI

Brian N. Morelli, M.D., is a board-certified, fellowship-trained spine specialist who has written, researched, and presented on a variety of orthopedic topics, including low-level fall spinal fractures in older patients, a review of Cauda Equina Syndrome, spinal implants, and recovery outcomes of obese vs. non-obese patients. Before joining Orlin & Cohen, Dr. Morelli was an assistant professor of orthopedic surgery in the department of general orthopedics & spine surgery at Stony Brook University Medical Center in Stony Brook, NY.
