

For Families

Families can get more information on St. Mary's Healthcare System for Children including what to expect, inpatient services, visiting hours and more.

Get to Know Us

At St. Mary's Healthcare System for Children, we understand that your child means the world to you—they mean the world to us too. We're not only here to give your child the exemplary care they need to achieve a better quality of life, we're here to help you navigate the complicated process of caring for a child with a complex medical condition. Take the first step: Get to know us better.

What to Expect

Ensure that your child's first experience with St. Mary's Healthcare System for Children goes as smoothly as possible—whether they'll be staying with us as an inpatient or enrolling in our day services programs. How should you prepare them? What should you bring? Our team answers all these questions—and more.

Your Hospital Stay

The prospect of having your child—and potentially yourself—stay long term in the hospital can seem daunting. We're here to make it easier. That's why St. Mary's offers a full range of inpatient and family services—including a special group for siblings—as well as accommodating visiting policies, resources and more.
