Corporate Giving

Learn more about an array of corporate giving opportunities at St. Mary's Healthcare System for Children and create a more philanthropic workplace today.

Being part of a company with strong values and a dedication to creating positive change in this world is becoming increasingly important to today's workforce.

When you participate in corporate giving with St. Mary's Healthcare System for Children, you not only provide vital support to children and young adults with medically complex conditions and their families, you join our family of corporate partners and show your employees that they work for a company that truly cares.

Workplace Giving

Give your employees the opportunity to make regular donations in an amount of their choosing through voluntary, pre-tax/tax-deductible payroll deductions. Donations can be made through private workplace programs, the Combined Federal Campaign for federal employees, and the United Way. To learn more, email info@stmaryskids.org or contact the development office at 718-281-8890.

Matching Gifts

Provide twice the support to St. Mary's Kids when your company matches donations. Speak to your supervisor or human resources department to determine if your company participates in gift matching, learn more about the program, and complete the necessary paperwork.

Event Sponsorship

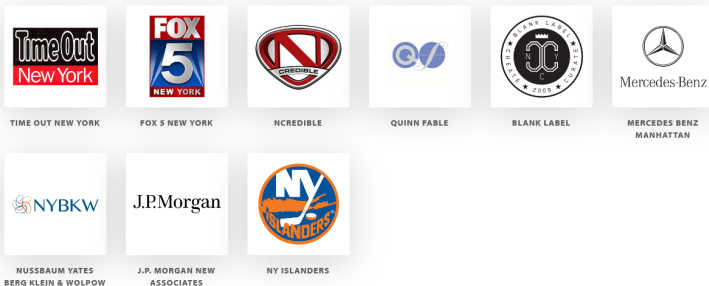

See how well your brand and St. Mary's go together when you sponsor one of our [signature events](#). In addition to supporting a community of children with medically complex conditions, your company will be well-positioned for unique networking and marketing opportunities, a high level of community visibility, and invaluable workplace growth and teamwork possibilities. Alternatively, your company can also host its own event to benefit St. Mary's.

For more information, contact Gail Fass at gfass@stmaryskids.org or at 718.281.8816.

Corporate Partners

St. Mary's Healthcare System for Children is fortunate to have strong relationships with a wide variety of amazing corporate sponsors. Whether they're from the media, the financial sector, professional sports, or any other industry, we all have one thing in common: Big hearts working together to make a big difference in the lives of little patients.

For more information, contact Victoria Falcone, Manager of Strategic Partnerships, at vfalcone@stmaryskids.org, or at 718-281-8817.
