

Dalmatian Sage Cologne

By [THE MERCHANT OF VENICE](#) FOR MEN

Dalmatian Sage by The Merchant Of Venice Cologne. Much like the spotted canine with which it shares its name, Dalmatian Sage cologne for men is undeniably unique and singular. Rather than lead with a traditional masculine fragrance, these top notes of lemon, grapefruit, and clary sage are invigorating and fresh. From this light beginning, a dash of pepper opens up the aroma with its spicy addition. These final scents ultimately embrace the woody and robust earthiness that has long marked the potent signature of real men. The vetiver emits a complex smokiness, while the cedar creates a calming finish.

Since its launch in 2015, this cologne has become a popular scent for its maker, The Merchant of Venice. Grounded in l'arte profumatoria Veneziana—or art of perfumery of Venice—this fragrance designer launched its brand in 2013 as an homage to the proud history of Italy's contributions to perfumery, which date back over a century ago and still flourish today.
